6 key questions about secretly straightening your teeth

Invisalign® braces from Harley Street Dental Studio

Do you lack confidence in your smile?

Fortunately, teeth-straightening technology has moved on from the unmissable metal braces of your childhood.

Now you can secretly straighten your teeth - with affordable, virtually invisible braces.

Invisalign® clear removable braces are subtle and effective.

Most people won't even notice you're wearing them.

You take them out for eating and brushing your teeth.

And you can take them out for important social occasions and business meetings. But because they're clear and hard to spot, many patients don't bother.

Is Invisalign® right for you?

Please answer these 6 key questions

1. Do you want to find new **confidence**?
2. Do you want to feel **proud** of your straight teeth?
3. Do you want to achieve all this with an **affordable** treatment?
4. Do you feel okay about wearing **virtually invisible** braces?
5. Do you want to feel **comfortable** throughout your treatment?
6. Would you rather be treated by some of the most **experienced** dentists in this field?

Did you answer yes to all of these questions?

Then Invisalign® could change the way you feel about your teeth. Our experienced dentists and specialist orthodontists at Harley Street Dental Studio can fix your crooked, twisted or gappy teeth easily.

You don't need to feel self-conscious or embarrassed for much longer.

At Harley Street Dental Studio, we've given straight-teeth confidence to thousands of people like you. So we can give you the best possible results.

How does Invisalign® work?

We take an impression of your teeth.

We show you, using 3D technology, how your teeth will gradually move into their final position.

Next, we give you several different sets of bespoke plastic aligners.

You wear each set of aligners for 2 weeks at a time.

Each set very gradually moves your teeth towards their final position.

The change takes place little by little.

And over time you can have great-looking teeth.

Happy patients

You could become one of our many patients who've thanked us for giving them new confidence.

They say they no longer cover their mouths for photographs or when they laugh. Instead they now show off their smiles.
