

HARLEY STREET
DENTAL STUDIO

Secretly straighten
your teeth in
months

Almost-invisible braces from Harley Street Dental Studio

Do you lack confidence in your smile?

Fortunately, teeth-straightening technology has moved on from the unmissable metal braces of your childhood.

Now you can choose from a variety of easy, affordable new treatments. In the dental world we call these invisible orthodontics.

Our experienced dentists and specialist orthodontists at Harley Street Dental Studio can fix your crooked or gappy teeth easily, and you don't need to wear striking metal braces for years.

There's no longer any need to feel self-conscious or embarrassed.

At Harley Street Dental Studio we have given straight teeth confidence to thousands of patients like you. So we can help you choose the treatment that's right for you.

DENTAL STUDIO

How does it work?

The treatments fall into two main categories:

Clear removable braces, such as Invisalign and Inman Aligner, can work faster than traditional braces.

You can take them out for eating and brushing your teeth. And you can take them out for important social occasions and business meetings. But because they're clear and hard to spot, many patients don't bother.

Cosmetic fixed braces can also work faster than traditional fixed braces and are far less noticeable.

Six Month Smiles, for example, use clear brackets and tooth-coloured wires. Lingual braces, such as Incognito, meanwhile, are bonded to the back of your teeth, which means other people can't see them.

All these treatments are almost invisible - most people won't even notice you're wearing them.

And you can have great-looking teeth in months.

DENTAL STUDIO

Why Harley Street Dental Studio?

You could become one of our many patients who've thanked us for giving them new confidence.

They say they no longer cover their mouths for photographs or when they laugh. Instead they now show off their smiles.

Happy patients

Our senior dentists have over 20 years' experience in cosmetic dentistry and orthodontics.

Many of our happy patients have been with Harley Street Dental Studio for years.

We know what your treatment means to you. You're in safe hands.

Our dentists will tell you that properly positioned teeth make for healthier teeth and gums.

It means your teeth are easier to clean. So there's less chance of plaque retention, tooth decay and gum disease.
